LR 169, 170

exist on, for example, there is one in your legislative district that I visited just this last year, the chapel at Geneva. I don't know how that is taken care of but it's taken care of in some way.

SENATOR MARESH: Senator Mills, for the record there is no insurance on that building and that concerns some people so I would like to get this in the record that probably we should go on record that in case one of these buildings should blow up from an explosion or something like that, that the state would replace the building since it is on state property.

SENATOR MILLS: I don't want to go on record to say that because that is something further than what the resolution is doing. I think that that might be a course of action that we need to take in a future Legislature. I want to ask this body to approve and to allow them to put a chapel or, as Senator Chambers has brought out, this meeting hall as it says in the resolution and I think we ought to address that issue later.

SENATOR MARESH: Thank you, Senator Mills. I support the resolution. We had the same resolution for the chapel at the Youth Development Center at Geneva and it is serving a very worthwhile need out there.

SPEAKER LUEDTKE: Any further discussion on LR 169? If not, Senator Mills, would you care to close?

SENATOR MILLS: I'd be very brief because I am sure that most of us here are in favor of allowing this to happen. The questions that have been brought here is again, no state dollars expended. It is a donation from someone and it only says that they can place this chapel on that property of the Nebraska Veterans's Home at Scottsbluff. I urge the adoption of the resolution 169.

SPEAKER LUEDTKE: The question is the adoption of LR 169. This is the final vote. It requires twenty five votes. All those in favor vote aye. Opposed nay. Record the vote.

CLERK: 35 ayes, 0 nays on the adoption of the resolution, Mr. President.

SPEAKER LUEDTKE: The resolution is adopted. Any further resolutions?

CLERK: I have one to read in.

SPEAKER LUEDTKE: All right, why don't you do that right now then.

CLERK: Mr. President, Senator Simon offers LR 170. (Read LR 170 found on page 998 of the Journal.) Mr. President, that should properly be laid over.

SPEAKER LUEDTKE: That shall be laid over. Anything further, Mr. Clerk?

CLERK: I have nothing further, Mr. President.

SPEAKER LUEDTKE: We will then proceed with item number eight on the agenda for one hour only, Select File. Is Senator Cullan present? We're on 411.
